

It is with a heavy heart and profound sadness that we resign our positions as Deputy Director and Senior Legal Fellow, respectively, of the Edwin Meese III Center for Legal and Judicial Studies, effective immediately.

We joined Heritage because of its leadership in the conservative movement, guided by Ed Feulner and Ed Meese for over 40 years. We regret leaving what has long been the premier conservative institution where we have spent so much of our legal careers but feel we can no longer carry out the mission established by them.
